Department of Computer Science and Engineering
Coimbatore Institute of Technology,
Civil Aerodrome Post,
Coimbatore – 641 014
ABOUT THE COLLEGE
The Dr. K. Sengasamy Naidu Educational Trust devoted to the cause of promoting Technical and Scientific Literacy, established COIMBATORE INSTITUTE OF TECHNOLOGY, popularly known as CIIT, in 1956 with Shri P.R. Ramakrishnan as the founder principal, an alumnus of MIT, USA. The Institute has grown from strength to strength and attained autonomous status in 1982. The Institute, affiliated to the Anna University, offers Bachelor’s, Master’s and Doctoral programmes in various disciplines. The institute has signed MOUs with various foreign universities and MNCs around the world for faculty exchange, student exchange and research collaborations.

ABOUT THE DEPARTMENT
The Department of Computer Science and Engineering is committed to high standard of academic excellence & aims to provide the students a sound foundation of theory and practice in Computer Science & Engineering and expose them to the forefront of the developments in the field of computing. Many faculty members are specializing in the areas of Mobile Computing, Wireless/Multimedia Networks, Soft computing, Web Semantics, Data mining, Analytics, cloud and actively engaged in R&D activities.

ABOUT THE PROGRAMME
The recent years have seen explosive growth of digital data (Big data) stored in the organizations databases and extracting meaningful information from the flood of data has become a major challenge for many organizations. In this context, business Analytics and its application has gained significant importance across the globe. This workshop is designed to provide the basic knowledge and understanding on the various aspects of business analytics like statistical, predictive modeling, data mining and analysis and an overview of business Analytics tools and its applications with case studies.
